Sargent Hallett, May 23; Private Whistler, May 24; Sargent Janel, May 27; Lieutenant Kingsley, June 1; Private Henry, June 6; Private Schneider, June 18. The names of the buried in the ice fort, with the date of their death, whose bodies were not recovered, are: Sargent Rice, April 9, 1884; Corporal Sales, June 2; Private Rader, June 6; Acting Assistant Sergeant Party, June 6; Sergeant Gardner, June 12.

Those drowned, by breaking through newly formed ice while sailing, were Edwards, Esquimaux, April 4. Would urgently suggest that the bodies now on board be placed in metallic cases here for safe and better transport.

This appears to me imperative. Greely abandoned Fort Conger August 9, 1883, and reached Hallett Inlet September 1 following with his party.

He abandoned all his boats and was adrift thirty days on an ice floe in Smith Sound. His permanent camp was established October 13, 1883, at the point where he was found.

During nine months the party lived upon a scant allowance of food, and the men suffered from scurvy, and all of the men suffered from scurvy.

That reached by Redoubt at Cape Sabine in 1882, and a small amount saved from the wreck of the Proteus, in 1883, and landed by Lieutenants Garlington and Cowell on the beach where Greely's party were found.

When these provisions were consumed the party were forced to live upon dried seal skin strips from their seal skin clothing. Lichens and shrimps were preserved in good weather when they were strong enough to make exertion. As 1,200 shrimps were required to make a gill measure, the labor was too exhausting to sustain life entirely.

The channel between Cape Sabine and Litchfield Island did not close on account of violent gales all winter, so that 240 rations at the latter point could not be reached.

All of Greely's records and all of the instruments brought by him from Fort Conger are recovered and are on board.

From Hare Island to Smith Sound I had a constant and furious struggle with ice. Impassable floes and solid barriers were overcome by watchfulness and patience. No opportunity to advance a mile escaped me, and for several hundred miles our ships were forced to run their way from lead to lead through ice varying in thickness from three to six feet, and when rafted, much greater.

The Thetis and Bear reached Cape York, June 18, after a passage of twenty-one days in Melville Bay, with two advance ships of the Dundee whaling fleet, and continued to Cape Sabine. Returning, seven days later, he sailed in with several ships of the fleet.

Worthington Island, and announced Greely's rescue to them that they might not be delayed from their fishing grounds nor be tempted into the dangers of Smith Sound in view of the reward of \$5,000 offered by Congress. Returning across Melville Bay we fell in with the Alert and Lock Garry, off Devil's Thumb, struggling through heavy ice.

Commander Coffin did admirably to get along so far with transports so early in the season before the opening had occurred.

Lieutenant Emory, with the Bear, has supported us throughout with great skill and unflinching readiness in accomplishing the great duty of relieving Greely.

I would ask instructions about Lock Garry as the charter party held by her master differs in several respects from mine.

The Greely party are much improved in health since rescued, but their condition was critical in the extreme when found, and for some days after. Forty-eight hours' delay in reaching them would have been fatal to all now living. This season North is late and the closest for years. Smith's Sound was not open when I left Cape Sabine. Winter about Melville Bay was the most severe for twenty years. This great result is entirely due to the prompt action and unwearied energy of your expedition for the work it has had the honor to accomplish.

The above map of the territory between Washington and the North Pole presents, at a glance, the difficulties of the passage to Grant Land when it is remembered that ice is first encountered in Northumberland Strait. This whole region has been the field of more exploring and relief expeditions since 1497—when John Cabot first attempted the north-west passage—than probably any similar section of the globe. From 1497 to 1845 no less than 300 voyages were made to discover a north-west passage to Asia, the British Government offering in 1740 the sum of \$100,000 for such discovery. On May 19, 1845, sailed the ill-fated Sir John Franklin expedition, to search for which the English Government sent many millions of pounds sterling, employing as many as forty ships. The history of the many expeditions to the North Pole since 1845 are too well known to refer to here.

THE DAILY BULLETIN.

FRIDAY EVE, JULY 18, 1884.

ROSSER & MCCARTHY
Publishers and Proprietors,
To WHOM ADDRESS ALL COMMUNICATIONS

For goodness sake!
What do you think,
We've got to write
With this pen and ink;
Before we could grin,
Or wink or cough,
They slipped through the meshes
And scooted off.

The ratification having been made, now go to work and clean up the town and get ready for the cholera.

MAYSVILLE has a way of putting conventions through on the lightning line. The process, however, is protected by letters patent.

Rev. B. F. Gosling, of Augusta, has been invited to become a candidate for Superintendent of Common Schools in Bracken County.

The Indiana Republicans will open the campaign in that State the last week in August. General John A. Logan will be the principal speaker.

Messrs. HUTCHESON & STEVENS are the authorized agents for the DAILY BULLETIN at Chester. It may be had every afternoon by calling at their store.

"Our Boys," of this city, and the "Eclipse" club, of Augusta, will play a game of base ball at the latter place, on Saturday afternoon at half-past two.

Owing to the late hour at which the ratification meeting closed, the organization of the Cleveland and Hendricks club was postponed. Due notice will be made.

Messrs. EVERETT will open classes in dancing at the Hill House Monday morning at half-past nine o'clock for children, and Tuesday evening at eight o'clock for ladies and gentlemen.

The younger boys and girls of this city will give a party at the Riverside Hotel, on Monday evening next. All persons in the habit of attending the parties are invited to be present.

The sale of the personal estate of the late Lucien S. Luttrell, will take place at Helena, on Thursday, July 31st, at ten o'clock a. m. A considerable amount of valuable property will be disposed of.

PERSONALS.

Rev. Dr. J. A. Henderson will fill his pulpit Sunday at 11 a. m. and at 8 p. m. Miss Roland, of Cincinnati, who has been visiting Mrs. T. A. Davis has returned home.

Mr. Adie O. Robertson, of the Fairmount Democrat, called to see the BUTLER, yesterday.

Mrs. J. L. Thompson, of Flemingsburg, is the guest of the family of Mr. Joseph Davis, of East Maysville.

Misses Maggie Fitzgerald and Ella Flynn, of Lexington, are the guests of Miss Mamie Fitzgerald, of this city.

Miss Lucy Lee, one of Washington's most interesting and charming young ladies, is guest of the family of Dr. S. M. Cartmell.

Col. F. L. McChesney, of the Paris Citizen, was in Maysville yesterday, also Mr. A. L. McKay, of Vanceburg. Both gentlemen were taking in the convention.

Miss A. Harrison is now at Cottage City, Martha's Vineyard, Mass., attending a course of lectures on English Literature, and informing herself generally as to anything new in the way of instruction and possible assistants.

Hon. Green R. Keller, busy as he was with convention work, yesterday, found time to drop in and see his friends of the BULLETIN. He is recovering from the effects of the injuries he received while aiding some of his little friends in Maysville to celebrate the Fourth in old time style.

The Ratification Meeting.

The Democratic mass meeting at Cooper's hall, last night to approve the nomination of Cleveland and Hendricks, was attended by a large and enthusiastic crowd, including many ladies. Long before the hour arrived for the exercises to open the people began to collect and by eight o'clock there were fully one thousand five hundred persons in the house. Hauck's Reed and Brass Band furnished the music and was complimented on all sides. The following named speakers addressed the meeting: Hon. W. C. Owens, of Scott; Hon. J. Q. Ward, Harrison; Colonel J. W. Bryan, Kenton; Hon. Chilton A. White, Georgetown; O. Hon. K. F. Pritchard, Boyd; Hon. Thos. Turner, Montgomery; Mr. S. T. Lake, Harrison; Judge Hogan, Grant, and Judge G. S. Wall and Hon. J. D. Kehoe, of this city, and W. A. Ratcliffe, of Harrison. The speeches were suited to the occasion and were received with much applause.

District Convention.

In pursuance to a call of the executive committee of the Democratic party of the Third Superior Court District, the representatives of the various counties met at Maysville July 17, 1884, and were called to order by Judge J. J. Orr, of the County of Owen.

Mother's Friend!

A PRECIOUS BOON TO WOMAN.
WORDS OF PRAISE.
I most earnestly entreat every female expecting to be confined to use Mother's Relief. Coupled with this remedy I will add that during a long obstetrical practice, (forty-four years,) I have never known it to fail to produce a safe and quick delivery.
H. J. HOLMES, M. D.

A lady from one of the counties of Middle Georgia, who has been acting midwife for many years, writes: "I have disposed of all the Mother's Friend you sent me, and I am delighted with it. In every instance where it has been used, its effects have been all that I could ask. I consider it a great blessing."

A gentleman writes: "My wife used your Mother's Friend at her fourth confinement, and her testimony is that she passed through it with one-half the suffering of either of her former confinements, and recovered from its effects in much less time. She also recommended it to a lady friend who was about to be confined for the first time, and she says: 'I have never seen anyone pass through this great trial with so much ease and little suffering.'"

A QUICK AND EASY TIME.
A distinguished physician of Mississippi writes: Every one expecting to be confined should use the Mother's friend, for during a long obstetrical practice I have never known it to fail to produce a quick and safe delivery. This remedy is one about which we cannot publish certificates, but it is a most wonderful fulfillment to be used after the first two or three months.
